

IS UFE RIGHT FOR YOU? FIGURE OUT YOUR FIBROID FIX

	ASK YOURSELF	<input checked="" type="checkbox"/>
PREGNANCY	Do I want to have children in the future?	<input type="checkbox"/>
MENOPAUSE	Do I want to avoid taking hormones or going through early menopause?	<input type="checkbox"/>
COMPLICATIONS	Am I worried about complications, such as pain or infection?	<input type="checkbox"/>
SURGERY	Would I prefer to undergo a minimally invasive treatment over major surgery even if it meant I might have to go through the treatment again?	<input type="checkbox"/>
RECOVERY	Would a shorter recovery time be preferable for my lifestyle?	<input type="checkbox"/>

If you checked three or more of the boxes, then uterine fibroid embolization may be the right treatment option for you. Bring this checklist to your next appointment with your OB-GYN or primary care physician to start a discussion about UFE and its potential to help treat your uterine fibroids.
